

§§ 510.600 and 524.1580b (21 CFR 510.600 and 524.1580b) are amended to reflect the approval.

In addition, FDA has found that the pioneer sponsor's drug labeler code (DLC) was inadvertently omitted from § 524.1580b during format changes in 2005 (70 FR 50181; August 26, 2005). At this time, § 524.1580b is amended to include Squire Laboratories, Inc.'s DLC. Section 524.1580b is also amended to reflect current food safety warnings.

In accordance with the freedom of information provisions of 21 CFR part 20 and 21 CFR 514.11(e)(2)(ii), a summary of safety and effectiveness data and information submitted to support approval of this application may be seen in the Division of Dockets Management (HFA-305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852, between 9 a.m. and 4 p.m., Monday through Friday.

FDA has determined under 21 CFR 25.33(a)(1) that this action is of a type that does not individually or cumulatively have a significant effect on the human environment. Therefore, neither an environmental assessment nor an environmental impact statement is required.

This rule does not meet the definition of "rule" in 5 U.S.C. 804(3)(A) because it is a rule of "particular applicability." Therefore, it is not subject to the congressional review requirements in 5 U.S.C. 801-808.

AGENCY: Department of State.

ACTION: Final rule.

SUMMARY: The Department of State is amending the International Traffic in Arms Regulations (ITAR) regarding Congressional certification for the Republic of Korea (also referred to as South Korea). South Korea is now in the same category as the countries in the North Atlantic Treaty Organization (NATO), Japan, Australia, and New Zealand concerning certification to Congress, requiring such certification prior to granting any license for export of major defense equipment sold under a contract in the amount of \$25,000,000 or more, or for defense articles or defense services sold under a contract in the amount of \$100,000,000 or more,

provided the transfer does not include any other countries. The ITAR is being amended at numerous sections to reflect these statutory changes and to update two provisions.

DATES: *Effective Date:* This rule is effective August 3, 2009.

FOR FURTHER INFORMATION CONTACT:

Director Charles B. Shotwell, Office of Defense Trade Controls Policy, Department of State, Telephone (202) 663-2792 or Fax (202) 261-8199; E-mail *DDTCResponseTeam@state.gov*. ATTN: Regulatory Change, South Korea.

This amendment added South Korea to the category of countries for which higher dollar thresholds apply for mandatory certification to Congress in advance of approving the export or transfer of defense articles and defense services. South Korea is now in the same category as the countries in the North Atlantic Treaty Organization (NATO), Japan, Australia, and New Zealand concerning certification to Congress, requiring such certification prior to granting any license for export of major defense equipment sold under a contract in the amount of \$25,000,000 or more, or for defense articles or defense services sold under a contract in the amount of \$100,000,000 or more, provided the transfer does not include any other countries. The ITAR is being amended at numerous sections, as described below, to reflect these statutory changes and to update two provisions.

Section 123.9(e) of the ITAR is being amended to add "South Korea." This section is also being amended to correct outdated information regarding the dollar limits for sales without prior written approval and to add New Zealand to the list of countries eligible for certain reexports or retransfers without prior written approval.

Section 123.15 of the ITAR entitled "Congressional certification pursuant to Section 36(c) of the Arms Export Control Act" is being amended to add "South Korea" at sections 123.15(a)(1), 123.15(a)(2), and 123.15(b).

Section 124.11 of the ITAR entitled "Congressional certification pursuant to Section 36(d) of the Arms Export Control Act" is being amended to add "South Korea" at section 124.11(b).

Section 126.8 of the ITAR entitled "Proposals to foreign persons relating to significant military equipment" is being

amended to add "South Korea" at section 126.8(a)(ii).

Part 129 of the ITAR regarding brokering activities is being amended at section 129.6(b)(2) to add "South Korea" to the category of NATO, Japan, Australia, and New Zealand for purposes of an exemption from prior written approval.

Sections 129.7(a)(1)(vii) and 129.7(a)(2) are being amended to add "South Korea" to the category of NATO, Japan, Australia, and New Zealand for purposes of defining brokering activities requiring prior written approval.
