Waivers for State Innovation

AGENCY: Centers for Medicare & Medicaid Services (CMS), HHS; Department of the Treasury.

ACTION: Guidance.

SUMMARY: This guidance relates to Section 1332 of the Patient Protection and Affordable Care Act (ACA) and its implementing regulations. Section 1332 provides the Secretary of Health and Human Services and the Secretary of the Treasury with the discretion to approve a state’s proposal to waive specific provisions of the ACA (a State Innovation Waiver), provided the proposal meets certain requirements. In particular, the Secretaries can only exercise their discretion to approve a waiver if they find that the waiver would provide coverage to a comparable number of residents of the state as would be provided coverage absent the waiver, would provide coverage that is at least as comprehensive and affordable as would be provided absent the waiver, and would not increase the Federal deficit. If the waiver is approved, the state may receive funding equal to the amount of forgone Federal financial assistance that would have been provided to its residents pursuant to specified ACA programs, known as pass-through funding. State Innovation Waivers are available for effective dates beginning on or after January 1, 2017. They may be approved for periods up to 5 years and can be renewed. The Departments promulgated implementing regulations in 2012. This document provides additional information about the requirements that must be met, the Secretaries’ application review procedures, the amount of pass-through funding, certain analytical requirements, and operational considerations.
