

DDTC is proud to invite you to another IT Modernization Chat!
DECCS Release #2 Batch Process
Date: Tuesday, January 31, 2017
2:30-3:30pm (eastern)

Overview

You are cordially invited to attend a webinar discussing the batch process for release #2 of the **Defense Export Control Compliance System (DECCS)**. The webinar will provide a review of the batch documentation, review of the modifications required for release #2, discussion of release #3 batch process, and questions and answers from Industry regarding the batch process.

Moderator

- Adam Fest, DDTC IT Modernization Team, Technical Lead (Contractor)

Webinar Details

No advance registration is necessary. To join the webinar, go to: <https://irmedip.adobeconnect.com/chatwsme/>

- Enter your **Name**, **Company**, and **Number** of participants (if viewing as a group)
- Select “Enter Room”

***Note:** The webinar will allow for 100 participants. If you are unable to join the webinar session but would like to join via the conference line:*

Domestic Participants Toll Free Number: 877-336-1829; Access Code: 730 7668

Overseas Participants International Number: 636 651 0002; Access Code: 730 7668

If choosing to dial into the conference line, please mute your computer speakers and turn off your computer microphone to minimize audio feedback.

The webinar is designed to be an interactive forum for DDTC to share its plans and progress in preparing DECCS for industry use. Questions may be addressed via email to the PM/DDTC Special Projects Team:

PM_DDTCProjectTeam@state.gov (note the underscore _ after PM_ in the email address)
