

## **Barco Federal Systems LLC Changing to Esterline Federal LLC**

Effective immediately, Barco Federal Systems LLC will change as follows: Esterline Federal LLC. Due to the volume of authorizations requiring amendments to reflect this change, the Deputy Assistant Secretary of Defense Trade Controls is exercising the authority under 22 CFR 126.3 to waive the requirement for formal amendments to change currently approved license authorizations. The amendment waiver does not include approved and/or pending agreements.

All currently approved DSP authorizations identifying Barco Federal Systems LLC will not require an amendment to reflect the change to Esterline Federal LLC. A copy of this website notice must be attached to the currently approved license by the license holder.

Pending authorizations received by DDTC identifying Barco Federal Systems LLC as a party to the license will be adjudicated without prejudice. A copy of this website notice must be attached to the approved license by the license holder.

New license applications received after **April 30, 2015**, identifying Barco Federal Systems LLC as a party to the license may be returned without action for correction.

A copy of this website notice must be maintained by the license holder and presented with the relevant license to Customs & Border Protection at time of shipment.

All currently approved agreements held by a third-party will require an amendment to be executed to reflect the name change. The agreement holder will be responsible for amending their agreement. The executed amendment will be treated as a minor amendment per 22 CFR 124.1(d) and must be submitted as such.

Pending agreement applications that require amending must be brought to the attention of the assigned Agreements Officer by the agreement holder. The necessary changes will be made prior to issuance when the Agreements Officer has been notified.
