

**Cessna Aircraft Company, Beechcraft Corporation, Hawker Beechcraft
Global Customer Support, LLC to Textron Aviation Inc.
Internal Corporate Restructuring**

Effective January 1, 2017, Cessna Aircraft Company, Beechcraft Corporation, Hawker Beechcraft Global Customer Support, LLC will change as follows: Textron Aviation Inc. Due to the volume of authorizations requiring amendments to reflect this change, the Deputy Assistant Secretary for Defense Trade Controls is exercising the authority under 22 CFR 126.3 to waive the requirement for amendments to change currently approved license authorizations. The amendment waiver does not apply to approved or pending agreements.

All currently approved DSP authorizations identifying Cessna Aircraft Company, Beechcraft Corporation, Hawker Beechcraft Global Customer Support, LLC will not require an amendment to reflect the change to Textron Aviation Inc. A copy of this website notice must be attached to the currently approved license by the license holder.

Pending authorizations received by DDTC identifying the old names on the license will be adjudicated without prejudice. A copy of this website notice must be attached to the approved license by the license holder.

New license applications received after February 1, 2017, identifying the old names on the license will be considered for return without action for correction.

All currently approved agreements will not require an amendment to be executed to reflect this change. Change of name may be made as part of the next major amendment. The agreement holder is responsible for amending their agreements. No new DSP-83s need to be executed.

Pending agreement applications that require amending must be brought to the attention of the assigned Agreements Officer by the agreement holder. The necessary changes will be made prior to issuance when the Agreements Officer has been notified.

A copy of this website notice must be maintained by the license holder and presented with the relevant license to U.S. Customs and Border Protection at time of shipment.
